

# FIRESTORM

Words and music by Andrew Hopkins

|Eb /// | F /// | Gm /// | F/A /// |

## Verse 1

I can see the firestorm all around  
Filling up this place  
The host of heaven here and now  
We're lifting up Your praise

To the King of the kingdom we bow down  
You're high and lifted up  
You're high and lifted up

## Chorus

You are holy, holy, holy  
Lord of glory, glory, glory

## Verse 2

I can feel the winds of heaven blowing  
It's time for seasons change  
The fiery love of the Father  
Is setting us ablaze

Flashes of lightning and the rumbling  
You're shaking up this place  
You're shaking up this place

## Bridge

Your fire goes before You and consumes enemies  
And all around I look I see the victory

Your fire, fire  
Is burning up in me  
Your fire, fire  
Consuming enemies
